Al-Mawled Annual Celebration

Dear Parents and Students

AlMawlid celebration in AlHoda International school became one of its significant annual ritual.

We believe that it's our responsibility to urge and remind our students of the prophet (peace be upon him) moral character, his way of worshipping Allah, and his way of distreating people. This celebration is motivated by our obligation to remember to love Prophet Muhammed (peace be upon him), to obey him, to follow his example, and to be proud of him as Allah

has praised him

“وإنك لعلى خلق عظيم“

Our celebration extended for more than three weeks where we dedicated an our daily for teaching our beloved Prophet Muhammed's Sirah (peace be upon him) and his companions biographies. The school was like a bee hive, teachers and students were working in groups to prepare the displays, presentations, posters, and performances that describe the section of Sirah that they study.

On the grand day, the whole school building was prepared as an open exhibition to present the

prophet's Sirah to the parents and guests. In addition, the students presented several songs and poems to praise the prophet (peace be upon him).

Finally, I would like to thank all students and parents of Alhoda International School for participating in the Mawlid celebration which was a distinguished success this year.

أنار الوجود بطلعة خير البرية سيدنا محمد عليه صلوات الله وسلامه قمر الهداية ، مصباح الرحمة ، وشمس النبوة للعالمين وفضل أمته على الأمم السابقة ، فنالت درجة الخيرية والقرب من رب العالمين ، وأنزل تشريفها في محكم آياته قائلًا
" كنتم خير أمة أخرجت للناس"
بعث ليتمم مكارم الأخلاق فكان القدوة بأخلاقه لذا اخترنا شعار احتفالنا هذا العام
بأخلاقه نحيا"

فقد سَمَا سيدنا محمد صلى الله عليه وسلم بأخلاقه الرفيعة التي أصبحت نبراساً للعالمين وكانت عظمة أخلاقه عليه الصلاة والسلام ملهمة لمن حوله ، وقد خص الله عز وجل نبيه محمداً (صلى الله عليه وسلم) بأية جمعت له محامد الأخلاق ومحاسن الآداب فقال تعالى: (وإنك لعلى خلق عظيم) فأخلاقه أعظم نموذج يحتذى به

Arabic Search Project Launch

بوابة مدارس الهدى للبحث باللغة العربية is the name of our new Google customized search engine that aims to provide relevant and safe content for our children to use in their research and projects for Arabic language subjects.

You can access the search page from this link

All students are invited to the **funday** which marked the final day of the 2nd Quarter.

Each student too a part in various fun and exciting activities . Student enjoyed their day and ended it by sitting together and eating delicious food.

Humanities Re-using Projects

A reusing projects made by grade 4 Humanities lovely students, they succeeded in reducing wasted items by reusing them in a creative different way.

Science Projects

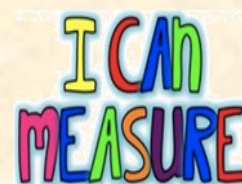

Science has been working on developing students skills. The students are encouraged to reed more about extended topics to broaden their knowledge. In addition, interesting research topics are introduced so students will explore the magnificent world of science.

Math Projects

Grade 4 students spent some of their time **pretending** that they are treasure hunters and they want to hide their precious treasures. They imagined how their islands should look like and where exactly they should hide their treasures.

In order to accomplish this project, they had to use their learning skills of coordinate plans (reading and plotting) and their ability to devise the directions to give their team members a given path to follow and accomplish their missions.

Grade 5 Students lived a great life experience. As it is important for our children to estimate and identify how much any container should be filled, how long is the distance, and how heavy an object is. So, their projects were to estimate and measure different objects, containers and identify real distance between cities.
